# Powerful humidification to protect against Air Dryness and viruses

## BENEFITS

- Protects the skin, the throat and the nostrils from dryness.
- Protects against viruses by maintaining appropriate humidity of the room.
- Indicates humidity of the room.
- Eliminates bacteria on the humidifying filter.
- Reduces bacteria in humidifying water by Streamer.

## Triple Detection sensor to quickly detect air pollution

Equipped with a high sensitivity dust sensor that distinguishes small particles such as PM<sub>2.5</sub> and larger particles of dust and reacts accordingly. Triple detection of dust, PM<sub>2.5</sub> and odour is provided.

## Functions

|   |   |
|---|---|
| Humidification  | x |
| Temperature and humidity sensors                      | x |
| Dust (PM <sub>2.5</sub> /dust) and odour sensor lamps | x |
| Streamer discharge                                    | x |
| Active plasma ion                                     | x |
| Electrostatic HEPA filters                            | x |
| Streamer regenerated deodorizing filter               | x |
| Moist mode  | x |
| Econo mode  | x |
| Auto fan mode   | x |
| Anti-pollen mode                                      | x |
| Turbo mode  | x |
| Child proof lock                                      | x |
| Brightness adjustment                                 | x |
| Auto-restart after power failure                      | x |
| Stabilizer free                                       | x |

"Allergy UK Seal of Approval reassures the product is efficient at reducing small particles which may include allergens, bacteria and viruses"

## Specifications

The applicable room area is appropriate for operating the unit of maximum fan speed (FH). Applicable room area indicates the space where a certain amount of dust particles can be removed in 30 minutes. (JEM 1467) | Operating sound levels are the average of values measured at 1m away from the front, left, right and top of the unit. (These are equal to the values in an anechoic chamber) | Electrostatic HEPA filter is attached in the unit. | Other function: Active plasmation function. Auto-restart function.
